## FEATURES

Figure 1 displays a grid of 12 symbols used in the map, organized into three rows and four columns. The symbols are as follows:

- Row 1: Highway (solid line), Pipe/Power Line (line with cross-ticks), Stream/Shoreline (wavy line), Intermittent Stream (dashed line).
- Row 2: Secondary Road (dashed line), Ridge/Physical Feature (line with small triangles), River (line with small circles), Glacier (line with small triangles).
- Row 3: Jeep Trail/Walkway/Ferry (line with small circles), Property/Fence Line (line with small squares), Nonvisible Boundary (dotted line), Military (blue dashed line with dots), Inset (gray box with "Inset" text), Out Area (gray box with "Out Area" text).

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.

All legal boundaries and names as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
